

How to Become a Pet Team Volunteer

1. Obtain Registration through either [Pet Partners](#) or [Intermountain Therapy Animals](#).
2. Review our checklist to assess if your pet is ready to volunteer at Monroe Carell.
3. Complete the on-line application form.
4. Complete a pre-screening conversation with a Child Life staff member about your placement location.
5. Complete a personal screening interview with your pet at your assigned placement location. Copies of current Pet Therapy Registration and pet immunization record will be required at this time.
6. Complete the Monroe Carell volunteer process.
This includes completing the on-line handbook training, background check, required immunizations, and volunteer orientation session.
7. Your first two volunteer shifts will be scheduled with a current hospital Pet Team and include shadowing/observation.
